Peraküla-Aegviidu- Ähijärve hiking route

In 2013, a new branch was added to the existing Oandu-Aegviidu-Ikla route, taking visitors from Aegviidu to Ähijärve. The new branch was created according to the same principles as the first one, i.e. the existing trails and rest stops were connected into one route. This branch is slightly longer, being originally 628 km long.

In 2015, one more section was added to this new branch – the 192-km
