

LLI-010 "Introducing nature
tourism for all" / UniGreen

Trail along ROJA seaside

17.05.2018.

Trails location in beach of Roja

Trails renovation

Renovation works was finished at 19.09.2017

The results of this project has been built wooden walking trail – 512,70m long and 2,00m wide, with 4 turning squares and benches.

One info stand with brail text and taktile Roja beach map. Constructions costs: 49 985,99 eur.

Wooden trail are adapted for peoples with disabilities.

Trail renovation

Things to do:

- Locate visitor counter (surveillance camera) at the trail
- Need to prepare documentation and market research
- After contract conclusion – locate the cameras.

THANK YOU!
