#### LLI-303 Life in clean environment - a better future! Clean Brownfields

# Utilization of pollution in Kuldīga

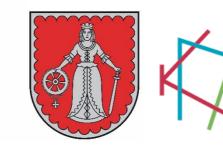

07.10.2020. Kuldīga

The project is co-financed by the Interreg V-A Latvia - Lithuania Cross Border Cooperation Programme 2014–2020 www.latlit.eu

#### Utilization of pollution 🔍 Interreg in Kuldīga

Kuldīgas Attīstības Aģentūra

#### Kuldīga District municipality

- Kuldīga town and 13 rural districts around it (since the regional reform in 2009)

Number of inhabitants 22 943 (01.07.2020.)

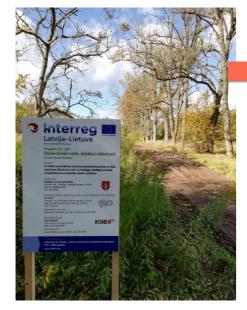

#### Territory – 1756 km<sup>2</sup>

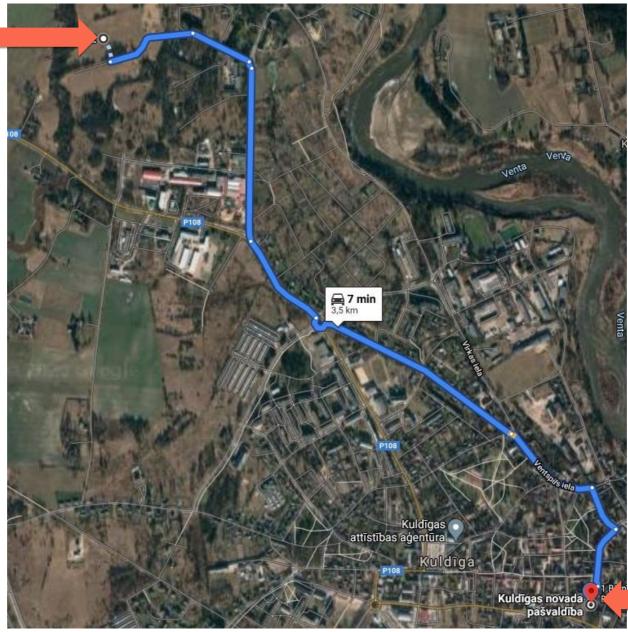

#### Location of the polluted territory

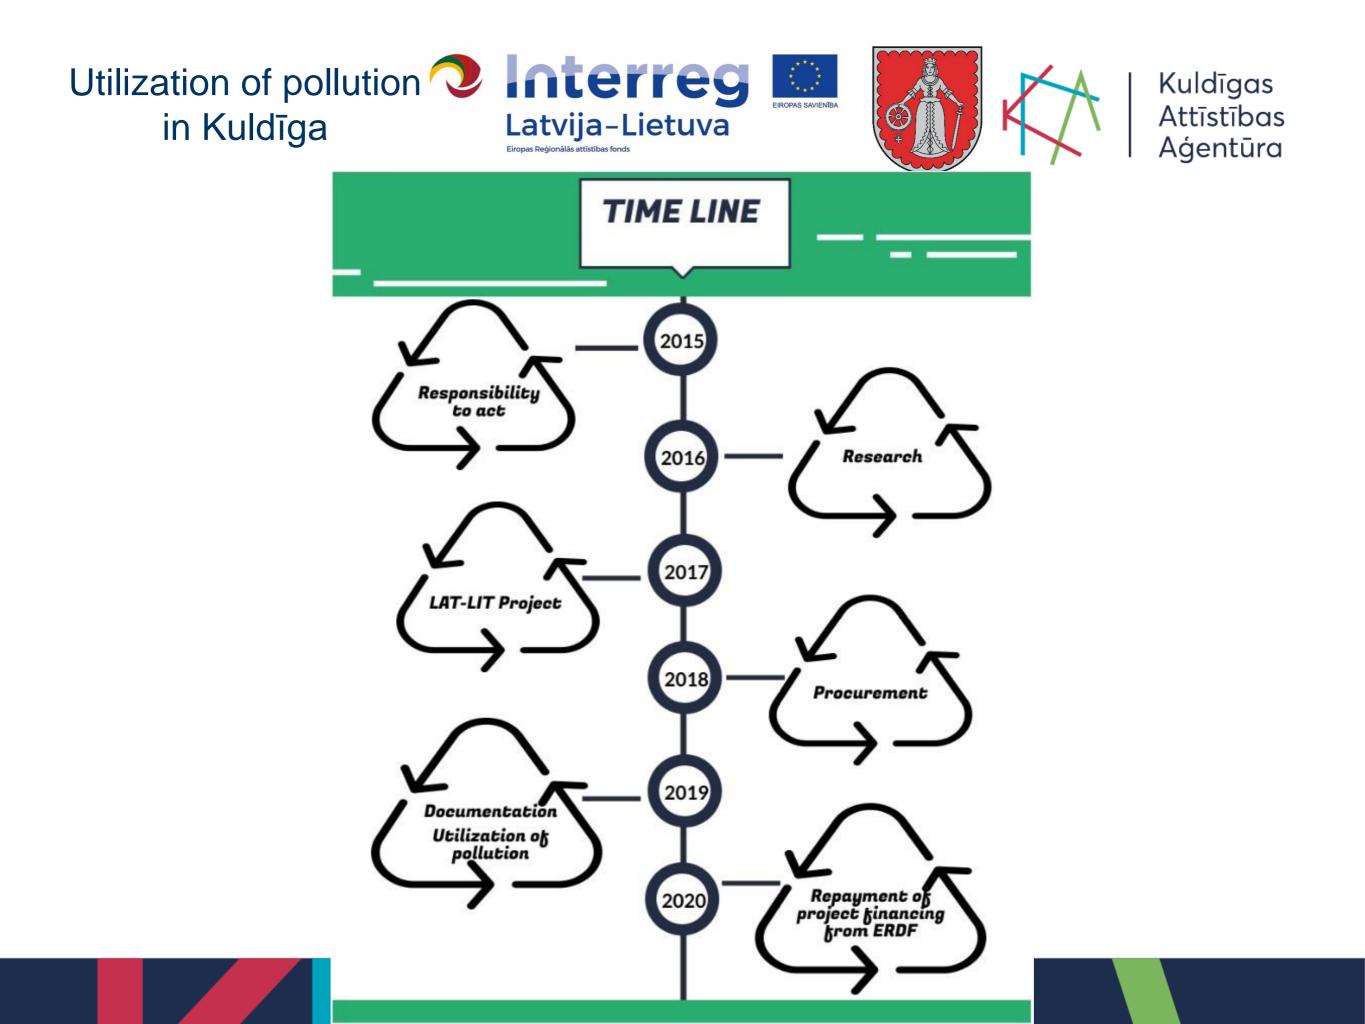

Our goal was to remove two objects from the national list of potential polluted territory:

 Regenerate the ditch and pond polluted with oil products at Kuldīga
