

When traveling in Estonia and Latvia, you can visit sites and objects related to military heritage history of both countries from the beginning of World War I in 1914 to the restoration of independence in 1990/1991. The sites include museums, fortresses, military equipment, hiking paths, bunkers, battlegrounds, military towns, infrastructure and memorial

> Look for information in the Military Heritage Guidebook and at

www.militaryheritagetourism.info

INFORMATION ABOUT EACH MILITARY HERITAGE SITE INCLUDES:

- Historical and contemporary photos.
- The relevant period of time and a timeline of events.
- Related topics from history.
- Stories and memories.

• What to see and do.

- Internet sites and social networks.
- GPS co-ordinates.
- Links to a map.
- Address and contact information.

In addition to object visits you can experience guided tours, hikes and trips at places where military events once occurred, stories and meals at a campfire, accommodations in a partisan bunker, and other interactive experiences. Please check information about opening hours and provided services of each venue in advance.

There are routes leading to military heritage locations, and each one has a description of the type of travel, a division of the route day by day, as well as a choice of military heritage sites, accommodations and dining facilities.

WHAT IS INCLUDED IN THE MAP AND HOW TO PLAN A TRIP

The following **150 military heritage sites** are marked on the map: former military bases, coast guard structures, forest brothers' bunkers, battlefields, museums, collections, exhibitions, monuments and memorial sites. Each site has a

section with its name and a short description, address and telephone number. For many sites that can be seen in the countryside, such as battle and memorial sites, former military buildings, the address and telephone number do not exist and therefore cannot be listed. GPS coordinates are shown for all locations.

When planning your trip, we advise that you obtain as much information on opening hours, available services, guided tours etc. as possible in advance. At some military heritage sites, external information stands may be viewable at any

This website www.militaryheritagetourism.info will be useful during your trip or when planning one, as it contains more detailed information for each place: descriptions of history, stories of memories, historical and contemporary photos, tourist services and recommendations for travel routes. On this site, history enthusiasts will also find information on

When travelling with this map you can discover the most historically significant and interesting places of military heritage in Latvia and Estonia, from the beginning of World War I in 1914, through gaining independence in 1918 and until restoration of independence in 1990/1991.

STAGES OF HISTORY

Sites included in this map present the events in one or more stages of history:

- World War I / Wars of Independence
- World War II
- 1939-1945 National partisan movement (forest brothers) 1944 - ~ 1957
- Soviet occupation and restoration of independence 1945-1991

The historical stages are briefly described in the brochure "Military Heritage, Latvia / Estonia 1914 – 1991", to which this map is attached. The brochure also provides information on battle re-enactment events, military parades and national independence celebrations in Latvia and Estonia.
